Connecting Tuhey Pool

Patron Documentation

Installing the Application

Device Requirement: a device that runs iOS or Android
To download, search for Connecting Tuhey Pool on the App Store or Play Store.
As continuation of the application grows, there may be software maintenance where users will need to update the application for continued use.

Using the Application

Connecting Tuhey Pool was made for the purpose to serve the patrons and application users. It was made convenient to view the status of the pool by going to the main page. To navigate, select the circle icon in the upper left button to view the navigation bar.

From the application, you are able to access:
- About Us
    - A page about Tuhey Pool history and significant past events
- Frequently Asked Questions
    - A page with common concerns from patrons
- Main page
    - The current status of the pool and the description of the status can be viewed here along with the hours of operation and prices for patron admission
- Calendar
    - A clickable calendar that shows past, current and future events at the pool
- Coupon
    - An Tuhey Pool application exclusive content that allows patrons to use coupons allowed by Tuhey administrators with proof of having the application
- Weather
    - 5 day weather forecast
